## ABOUT US

Our story begin in year 1985 with a dream of Manufacturing Precision quality Auto Parts, we started trading of auto parts. In year 1990 June month the dream became reality our Company Varindera Industries was established by setting up its 1st manufacturing Plant of Gear Cross under the leadership of Our Chairman S.Varinder Pal Singh. Climbing the Ladders of Success its setup its 2nd Manufacturing Plant of Transmission Sprockets for motorcycles in year 2005. Begin with a dream to touch the sky its setup a large-scale manufacturing unit in year 2007 by combining both the manufacturing plants and added the range of More Than 150 products in category of ENGINE PARTS, BODY PARTS, ELECTRIC PARTS, SAFETY GEARS, ACCESSORIES, TYRES and TUBES in Auto spares parts aftermarkets. We were first manufacturers in India to produce Motorcycles Transmission sprockets and Gear cross with polishing & electrophesis black coating thereby increasing durability of products.

The manufacturing process in our factory has been fine-tuned to meet the stringent quality standards under QMS ISO 9001:2015. We have in-house R&D and state of art manufacturing facility which helps the company to expand quickly to meet the growing demand in India as well in **Middle East, South East Asia, Latin America, East & West Africa.**

**WE ARE ALSO OPEN TO SUPPLY PRODUCTS PACKED IN THE CLIENT'S PATENTED PACKAGING AND LOOSE PACKING ALSO SUBJECT TO MUTUALLY ACCEPTABLE TERMS AND CONDITIONS.**
